Hi Bonnie,

Cristina and I were invited to Howard County by the School Director of Facilities, Olivia Claus to input and possibly participate in a training video being shot for their Safe and Healthy Schools training. This video will only be used for training Howard County School teachers on healthy classroom maintenance. Olivia wanted our input on school indoor air and tools for schools.

I do not know how long the final video will be (I imagine 5 minutes or so). If Cristina and I are featured it would be in a cameo as subject matter experts.

Please let me know if it would be ok to appear in the video. The filming will be done in the high school film studio.
